Number 1

Physiology Special

1. Effect of water restriction on serum aldosterone and cortisol in dromedary camel during winter and summer 1
N.Kataria, A.K.Kataria, V.K.Agarwal, S.L.Garg, M.S.Sahni and R.Singh
 2. Circulating steroids and proteins in Egyptian oasis pregnant camel (*Camelus dromedarius*) 9
Mostala A.Saleh, Gamal H.El-Sokkary and Abdel Razik Kh.Abdel-Razik
 3. Comparative erythrocytes morphology in camels, sheep and goats during feed and water deprivation 15
Huda M.Shaheen, M.B.Aboul-Ela, M.K.Yousel and Nawal A.Ahmed
 4. Thyroid hormone profile in dromedary camel in winter and summer during water restriction 21
N.Kataria, A.K.Kataria and V.K.Agarwal
 5. Purification and characterisation of bacterial lipase from camel rumen fluid (*Camelus dromedarius*) 27
Saleh A.Mohamed, Tarek M.Mohamed, Magda A.Mohamed and Alai S.Fahmy
 6. Purification and characterisation of bacterial CM-cellulase from camel rumen fluid (*C.dromedarius*) 37
Saleh A.Mohamed, Tarek M.Mohamed, Magda A.Mohamed and Alai S.Fahmy
 7. Observation on comparative values of thyroxine (T.), triiodothyronine (T₃), T₄ uptake and free thyroxine index (FTI) in serum and cerebrospinal fluid of camels (*Camelus dromedarius*) 53
S.Nazili and H.R.Gheisari
 8. Salt balance in camels subjected to heat stress and water deprivation under two different environmental conditions 57
M.R.Achaaban, R.C.Schroter, M.L.Forsling and A.Oushine
 9. Feeding and drinking of camels, sheep and goats after different periods of deprivation 63
Huda M.Shaheen
- ## Other manuscripts
10. Comparative milking performance of three types of Saudi Camels (*Camelus dromedarius*) 73
E.S.E.Gaili, M.M.AI-Eknaah and M.H.Sadek
 11. Restraint and handling of camels 77
Murray E.Fowler
 12. Chromatographic purification of serum and colostrum immunoglobulins of camels (*C.dromedarius*) 91
A.K.Kataria and K.N.Sharma
 13. Prevalence and etiology of mastitis in camels (*Camelus dromedarius*) in eastern Ethiopia 97
Gizat Almaw and Bayleyegn Molla
 14. Some clinico-pathological aspects of experimental *Trypanosoma evansi* infection in Najdi camels (*Camelus dromedarius*) 101
E.M.Haroun, M.Magzoub, O.M.Mahmoud, A.A.AI-Qarawi, A.M.AI-Hawas and O.H.Omer
 15. Effect of season on gastrointestinal nematode infection in Saudi Arabian camels (*Camelus dromedarius*) 107
M.Magzoub, O.H.Omer, E.M.Haroun and O.M.Mahmoud
 16. Phenotypic variation in sulphonamide acetylation 109
A.M.Homeida
 17. Haematological and serological changes during acute *trypanosoma evansi* infection in dromedary camels (*Camelus dromedarius*) 113
Z.K.Njiru, WOlaho-Mukani, B.M. Khaemba, R.S.Ochieng and J.M.Ndung'u
 18. Production of an attenuated camelpox vaccine (Ducapox) 117
U.Wernery
 19. Gross anatomical and radiological investigation on the venous drainage of the pelvic limb in camel (*Camelus dromedarius*) 121
R.K.Jain, A.N.Gupta and S.K.Nagpal
 20. News 112,120
 21. Book Review 126
