

CONTENTS

Volume 20

June 2013

Number 1

S.No.	Title of Contents and Authors	Page No.
1.	Pharmacokinetics profile of danofloxacin in febrile camels with <i>E. coli</i> endotoxemia A Y AL-Taher	1-6
2.	Prediction equation for estimating live body weight of dromedary calves N. Saini, S.C. Mehta, N.V. Patil, D.L. Bohra and B.D. Kiradoo	7-9
3.	Nutrient utilisation and serum biochemical profile of adult dromedary camels fed oat straw and groundnut haulms A.K. Nagpal and N.V. Patil	11-13
4.	Oxidative stress in pregnant and lactating camels Sajjan Singh, R.K. Dedar and N.V. Patil	15-17
5.	Effects of tramadol on antinociception, sedative and some biochemical variables in camels (<i>Camelus dromedarius</i>) A.I. Almubarak	19-22
6.	Sedative, analgesic and biochemical effects of butorphanol in camels (<i>Camelus dromedarius</i>) A.I. Almubarak	23-27
7.	Antinociceptive, sedative, and cardiopulmonary effects of intravenous lidocaine in one-humped camels (<i>Camelus dromedarius</i>) A.I. Almubarak	29-33
8.	Lactoperoxidase: a suitable enzymatic marker of camel milk pasteurisation U. Wernery, R. Wernery, O. Masko, B. Johnson, B. Gnanaraj, Sh. Jose, P. Nagy and P. Chr. Lorenzen	35-38
9.	Preservation of camel milk for somatic cell count and bacteriological investigation H. Arabha Najafabadi, A. Niasari-Naslaji, A.B. Atakpour, S. Ghaffari, A. Barin, H.R. Samiei, M. Amjadi, A.A. Haji Moradlou, A. Salimi, I. Narimani and A. Gerami	39-43
10.	Factors affecting vitamin C contents of camel milk H.E. Mohamed and A. Al-Rasheedi	45-46
11.	Study of camel meat marketing structure in Semnan province, Iran S. Mashayekhi and S. JahanPanah	47-51
12.	Improving mature camel-meat quality characteristics with calcium chloride injection G.M. Suliman, E.O.S. Hussein and A.N. Al-Owaimer	53-57
13.	Analysis of the expression of progesterone and oestrogen receptors and their effect on Mucin-1 at both uterine horns of pregnant camel S.Y. Al-Ramadan, Abdelhadi M. Ali and Thnian A. Althnian	59-63
14.	Endometrial biopsy technique and histopathological findings of endometritis in camels (<i>Camelus dromedarius</i>) I.M. Ghoneim, M.M. Waheed, M.A. Hamouda, M.M. Al-Eknah and H.F. AL-Fehaed	65-70
15.	Schematic eye of the adult arabian camel (<i>Camelus dromedarius</i>) O. El-Tookhy	71-77
16.	Morphological characterisation of the vestibular folds as larynx-associated lymphoid tissue in the adult bactrian camel (<i>Camelus bactrianus</i>) Chun Yang and Jianlin Wang	79-86
17.	Chronological classification of pathomorphological lesions in dromedary contagious ecthyma infection S.D. Narnaware, G. Nagarajan, S.S. Dahiya, G. Sivakumar, F.C. Tuteja and N.V. Patil	87-92

CONTENTS		
Volume 20	June 2013	Number 1
S.No.	Title of Contents and Authors	Page No.
18.	Pathologic findings of anthraco-silicosis in the lungs of one humped camel (<i>Camelus dromedarius</i>) M. Goodarzi, S. Azizi, M. Javaheri Koupaei and S. Moshkelani	93-96
19.	Pathological study on liver of dromedary camels H. Nourani and M. Salimi	97-100
20.	Surgical management of atresia ani in a camel calf RN Chaudhary, Kuldeep Singh and AK Pandey	101-103
21.	Uterine prolapse in dromedary camel- A case report S. Vyas, Kashinath, B.L. Chirania, N. Sharma, S. Singh and N.V. Patil	105-107
22.	Foetal arthrogryposis in a camel (<i>Camelus dromedarius</i>): A case report Amit Kumar, Mitesh Gaur, Sunil Kumar Raiya, Swati Ruhil, Kamlesh Jeengar, Vikas Choudhary, Mahesh Kumar, J.S. Mehta and G.N. Purohit	109-111
23.	Health problems and their management in camel herds of Southern Rajasthan Subhash Kachhawah, Khem Chand and B.L. Jangid	113-120
24.	Identification and characterisation of <i>Campylobacter</i> species from camel (<i>Camelus dromedarius</i>) in Al-Ahsa Province of Saudi Arabia N.A. Al Humam	121-124
25.	Isolation of defensin gene from salivary gland of <i>Hyalomma dromedarii</i> ticks from <i>Camelus dromedarius</i> by polymerase chain reaction B. Rathore, F. Faridi, J. Bargujar, S.K. Ghorui and G.S. Manohar	125-127
26.	Listeriosis in South American camelids- A review Gloria López-Valladares, Marie-Louise Danielsson-Tham and Wilhelm Tham	129-132
27.	News	108, 112
28.	Instructions to Contributors	133-134
