

CONTENTS		
Volume 13		Number 2
December 2006		
S.No.	Title of Contents and Authors	Page No.
1.	Parasitic diseases of camels – an update 2. Helminthoses M.B. Chhabra and S.K. Gupta	81-87
2.	Insulin content in raw dromedary milk and serum measured over one lactation period U. Wernery, Bobby Johnson and W. Tawfiq Ishmail	89-90
3.	Identification of monoclonal antibody reagents for use in the study of the immune response to infectious agents in camel and water buffalo Abdelaziz A. Mosaad, Abdel Rahman Elbagory, Adel M. Khalid, W. Ray Waters, Ahmed Tibary, Mary J. Hamilton and William C. Davis	91-101
4.	Protein polymorphism of some camel breeds in Egypt I.M. Ismail, M. Mourad, A.Z.E. Abdelsalam and N.Z. Bedier	103-109
5.	Morphological and scanning electron microscopical studies of the nail of the camel (<i>Camelus dromedarius</i>) A.S. Saber and A.M. Erasha	111-116
6.	Morphologic characterisation of the inferior olivary complex in the camel (<i>Camelus dromedarius</i>) R. Rashed, A. Shinozaki, T. Imagawa and M. Uehara	117-122
7.	Microscopic evaluation of the heart, kidneys and adrenal glands of one-humped camel calves (<i>Camelus dromedarius</i>) using semi automated image analysis system Sarmad Rehan and Anas Sarwar Qureshi	123-127
8.	A quantitative study on the trachea of young arabian camels (<i>Camelus dromedarius</i>) M.F. Al-Zghoul, Z.B. Ismail, R.K. Al-Rukibat and A.M. Al-Majali	129-133
9.	Pharmacokinetics and bioavailability of gentamicin after a single intravenous and intramuscular administration in camels (<i>Camelus dromedarius</i>) Yasser H. Al-Tarazi, Hatim A. Elsheikh, Ehab A. Abu-Basha and Ahmad M. Al-Majali	135-140
10.	Plasma levels of gastrin and pepsinogen in camel (<i>Camelus dromedarius</i>) N. Kataria and A. K. Kataria	141-144
11.	Physical, biochemical and cytological analysis of synovial fluid of radiocarpal joint of clinically normal young camels (<i>Camelus dromedarius</i>) R.K. Al-Rukibat, M.B. Al-Zghoul and Z.A. Bani Ismail	145-147
12.	Influence of age and sex on various serum enzyme activities of camels A. Saeed and M.M. Hussain	149-155
13.	<i>In vitro</i> sensitivity against bacterial pathogens isolated from pneumonic lungs of camels in jordan Y.H. Al-Tarazi and H. Elsheikh	157-163
14.	Diseases and causes of mortality in a camel (<i>Camelus dromedarius</i>) dairy farm in saudi arabia H. Agab	165-169

CONTENTS		
Volume 13		December 2006
		Number 2
S.No.	Title of Contents and Authors	Page No.
15.	Calf mortality in camels: a report D. Suchitra Sena, Gorakh Mal, N. Sharma and M.S. Sahani	171-172
16.	Haemato-biochemical changes in camels infested with mange during winter and summer season Gorakh Mal, D. Suchitra Sena and M.S. Sahani	173-174
17.	Milk production potential and keeping quality of camel milk Gorakh Mal, D. Suchitra Sena and M.S. Sahani	175-178
18.	Camel rearing practices - a survey study in arid western agro-ecosystem of Rajasthan N. Saini, Ram Kumar, B.D. Kiradoo, N. Singh, A. Bhardwaj & M.S. Sahani	179-184
19.	A pilot study of the effects of diet on huacaya and suri alpaca fibre K.A. Jakes, S. Shim, A. Thompson	185-192
20.	Differentiating alpaca fibres by scanning electron microscopy and energy dispersive spectrometry S. Shim and K.A. Jakes	193-199
21.	Seasonal variation in water intake in llama (<i>lama glama</i>) and alpaca (<i>lama pacos</i>) species D.R. Linden, D.E. Anderson and P.M. Ramsey	201-205
22.	News	88, 102, 110
23.	Instructions to contributors	209-210
