

CONTENTS

Volume 18 **June 2011** **Number 1**

S.No.	Title of Contents and Authors	Page No.
-------	-------------------------------	----------

	Production	
1.	Composition, constituents and properties of Dutch camel milk M.G. Smits, T. Huppertz, A.C. Alting and J. Kiers	1-6
2.	Husbandry practices of el- kababish camel herders: case study north kordofan state, Sudan O. M.A. Abdelhadi, S.A. Babiker, M.B. El-Emam and B. Faye	7-14
3.	Influence of camel milk on glycoprotein components in streptozotocin-diabetic rats Khalid S. Al-Numair, Govindasamy Chandramohan and Mohammed A. Alsaif	15-20
4.	The domestic livestock resources of Turkey: Camels Orhan Yilmaz, Mehmet Ertugrul and R Trevor Wilson	21-24
5.	The one-humped camel and the environment in northern Tanzania R Trevor Wilson	25-29
	Immunology	
6.	Effect of herbal immune modulator on growth rate and protein profile of dromedary camel calves during summer stress D. Suchitra Sena, Gorakh Mal and S.K. Dixit	31-34
7.	Improving the dromedary antibody response: The hunt for the ideal camel adjuvant A. M. Eckersley, N. Petrovsky, J. Kinne, R. Wernery and U. Wernery	35-46
8.	Evaluation of 5 indirect ELISA for the detection of antibodies to paratuberculosis in dromedaries U. Wernery, A. Abraham, S. Joseph, R. Thomas, G. Syriac, R. Raghavan and T. Baker	47-52
	Diseases	
9.	Glanders in a dromedary camel U. Wernery, R. Wernery, M. Joseph, B. Johnson, J. Kinne, S. Jose, Sh. Jose, A.R. Thomas, K. Khazanehdari, B. Tappendorf and H.C. Scholz	53-57
10.	Investigation of occurrence and persistence of brucellosis in chronically infected dromedary dams (<i>Camelus dromedarius</i>) and their calves M.D. von Hieber, A.R. Thomas, R. Raghavan, G. Syriac, J. Christopher, B. Johnson, M. Joseph, S.V. Jose, S. Jose and U. Wernery	59-61
	Pathology	
11.	A case of bilateral fore limb adactyly in a camel calf Kashi Nath, N.V. Patil and Sajjan Singh	63
12.	Gross and histopathological characteristics of fibropapilloma in camels (<i>Camelus dromedarius</i>) A. Oryan, M. Hashemnia, A. Mohammadalipour and M. Gowharinia	65-68
	Physiology	
13.	Normal echocardiographical parameters of healthy camel (<i>Camelus dromedarius</i>) A. Dehghan, A. Rezakhani, A. Veshgini, M. Nasrollah Zadeh and K. Bagheri	69-72
14.	Some haematological, biochemical and hormonal profile of pregnant and non-pregnant she-camels (<i>Camelus dromedarius</i>) raised in a Sudan Savanna Zone of Nigeria B.F. Muhammad, D. Aliyu, A.A. Njidda and I.L. Madigawa	73-77
15.	Standard electrocardiographic parameters of base apex lead system in different age groups of clinically healthy dromedary camel (<i>Camelus dromedarius</i>) M. Pourjafar, K. Badiei, A.A. Chalmeh, S.M. Naghib, M. Abdolhoseinzadeh and H. Pourmirzaei	79-82

CONTENTS

Volume 18		June 2011	Number 1
S.No.	Title of Contents and Authors	Page No.	
	Nutrition		
16.	Chemical composition and gas production characteristics of some camel feeds in Butana area of Sudan M.H.M. Elbahir, A.M.A. Fadel Elseedl and B.E. Abdel-Aziz	83-89	
17.	Effect of replacing organic with inorganic ingredients on the efficacy of mineral supplements for camels in the arid northern Kenya S.G. Kuria, H.K. Walaga and I.A. Tura	91-95	
	Reproduction		
18.	Biophysical and biochemical characteristics of ejaculated semen of dromedary camel (<i>Camelus dromedarius</i>) and llama (<i>Llama glama</i>) Nisar A. Wani, K.M. Morton, M. Billah and J.A. Skidmore	97-102	
	Parasitology		
19.	Occurrence of gastrointestinal helminths of bactrian camel in Iran J. Tajik, S. Moghaddar, D. Nikjou and Y. Taleban	103-105	
20.	Study on the epidemiology and histopathology of sarcoptic mange and ringworm in the one-humped camel in South of Morocco C. Driot, A. Kamili, M. Bengoumi, B. Faye, M. Delverdier and N. Tligui	107-114	
	Anatomy		
21.	Comparative study of anatomy and histology on the ovary and oviduct in camel (<i>Camelus dromedarius</i>) and cow E. Salari, A.R. Raji and N. Farzaneh	115-118	
22.	Digital angiography of camel foot S.N. Dehghani, M. Kohkiloyehzadeh and A. Sazmand	119-121	
23.	Gross and histological study on the minor salivary glands of camel (<i>Camelus dromedarius</i>) A. Nabipour	123-129	
24.	Histochemistry of dorsal lacrimal gland in camel (<i>Camelus dromedarius</i>) A.A. Mohammadpour	131-133	
25.	Investigation into the neurogenesis in dentate gyrus and olfactory bulb of the adult bactrian camel Zhongtian Bai, Guofen Wu, Lianlian Li, Chun Yang, Wenlin Ye, Shanting Zhao, Pengfei Jia and Jianlin Wang	135-139	
26.	Macroanatomy of basal nuclei in bactrian camel (<i>Camelus bactrianus</i>) Zhaohui Xie, Qiusheng She, Lei Zhu and Jianlin Wang	141-144	
27.	Seasonal changes in the anatomy of testis of one-humped camel (<i>Camelus dromedarius</i>) Riaz Pasha, Anas Sarwar Qureshi, Laeeq Lodhi, Huma Jamil, Ayesha Masood, Sohail Hamid, Javed Iqbal, Zahid Kamran and Wael Khamas	145-153	
28.	The topography and the microscopic structure of tonsils in the adult bactrian camel (<i>Camelus bactrianus</i>) Chun Yang, Guoqiang Yuan, Zhihao Xu, Baoping Shao and Jianlin Wang	155-163	
29.	News	164	
30.	Instructions to Contributors	165-166
