

CONTENTS

Volume 10	December 2003	Number 2
S.No.	Title of Contents and Authors	Page No.
1.	Effect of seasonal dehydration on creatinine clearance in Indian dromedary camels N. Kataria, A.K. Kataria, V.K. Agarwal, S.L. Garg and M.S. Sahani	91-97
2.	Changes in body fluid compartments during dehydration and rehydration in Indian dromedary (<i>Camelus dromedarius</i>) N. Kataria, A.K. Kataria, V.K. Agarwal, S.L. Garg and M.S. Sahani	99-105
3.	Effect of physiological status on some macro minerals profile in the serum of female camels Muna M.M. Ahmed, S.M. Abead and M.E.S. Barri	107-110
4.	Some aspects of calcium and magnesium metabolism in the camel calves K.A. Al-Busadah	111-114
5.	Seasonal variations of the plasma thyroid hormone concentrations and the body temperature in the dromedary camel M. Bengoumi, F. Moutaouakil, F. De la Farge and B. Faye	115-119
6.	Serum copper levels in dromedaries after long term exogenous copper supplementation J. Kinne, P. Nagy and U. Wernery	121-124
7.	Preliminary report on some physiological parameters in pregnant she-camel (<i>Camelus dromedarius</i>) in North America Z.B. Ismail, T. Qureshi, M. Levy, W. Khamas and A. Nour	125-129
8.	Exploration of intestinal absorption and renal excretion of calcium by stable strontium test in camels (<i>Camelus dromedarius</i>) M.El-Khasmi, F. Riad, A. Safwate, M. Farh, A. Belhouari, K. Hidane, N. El Abbadi, B. Faye and V. Coxam	131-134
9.	Distribution of arginase in tissues of camel (<i>Camelus dromedarius</i>) N. Razmi, S. Nazifi and Gh. Motaalleh	135-137
10.	<i>In situ</i> dry matter and fibre degradation of salt tolerant sporobolus grass hay in camels fed yeast culture G.A. Alhadrami	139-144
11.	Constraints experienced in the introduction of camels in tsetse fly infested areas: the case of Kajiado district, Kenya S.A. Bukachi, J.K. Chemuliti and Z.K. Njiru	145-148
12.	Effect of anthelmintic treatment on haematological and coagulation parameters in llamas (<i>Lama glama</i>) Infected with gastrointestinal parasites O.E. Abdouislam, S.A. Al-Izzi, L.S. Al-Bassam and S.M. Azwai	149-152
13.	Observations on the validity of mouse inoculation test in the surveillance of <i>Trypanosoma evansi</i> in camel N. Singh, K.M.L. Pathak, Rajender Kumar and G.S. Manohar	153-155

CONTENTS

Volume 10		December 2003	Number 2
S.No.	Title of Contents and Authors	Page No.	
14.	Atresia ilei in a newborn dromedary camel U. Schulz and C. Gutierrez	157	
15.	Investigations of wry-neck syndrome in camels (<i>Camelus dromedarius</i>) H. Agab and K.E. Ahmed	159-162	
16.	Control of hazardous microorganisms in Khaddid from camel meat I. Kalalou, M. Fiad and T.A. Ahami	163-167	
17.	Microbiological characterisation of one humped camel milk in Morocco K. Khedid, M. Faïd and M. Soulaïmani	169-172	
18.	Microbiological studies on camel milk in North Siai, Egypt Salwa A. Aly and Heidy Abo-Al-Yazeed	173-178	
19.	Hormonal treatments for inducing fertile oestrus in young dromedary females at the end of their seasonal anoestrus in Qusem region, Saudi Arabia K.A. Al-Sobayil	179-181	
20.	Physio-biochemical changes in the male dromedary camels during breeding (rutting) and non-breeding season A.E.B. Zeidan and H.E. Abbas	183-190	
21.	Laboratory and field investigations of a live attenuated and an inactivated camelpox vaccine A.I. Khalafalla and G.A. El-Dirdiri	191-200	
22.	Anatomical study on intrahepatic branches of portal vein in one humped camel (<i>Camelus dromedarius</i>) M. Tadjalli and R. Akhavan	201-206	
23.	Disease conditions of camels in non-traditional camel keeping areas of Kajiado District in Kenya : A case study J.K. Chemuliti, Z.K. Njiru and S. Bukachi	207-210	
24.	A note on survey of ethnoveterinary treatments of common surgical conditions of large ruminants and camels P.R. Dudi and T.K. Gahlot	211-212	
25.	News	182	
26.	Author Index	213-214	
27.	Subject Index	215-216	
28.	Instructions to Contributors	217-218
