

# CONTENTS

Volume 6

June 1999

Number 1

1. Biotechnologies in camelid reproduction: Current status and future prospectives.  
G.N.Purohit
2. Determination of serum IgG levels in camels by a bovine specific Sandwich ELISA. 15  
M.H.Erhard, S.A.Kouider, M.N.Dabbag, F.Schickel and M.Stangassinger
3. Comparative trace-element excretion in the camel and cow. 19  
Bernard Faye, M.Bengoumi and J.C.Tressol
4. Milk let-down in camels 27  
R.Yagil, C.van Creveld, G.Abu-R'Kaik and U.Merin
5. Effect of season on physico-chemical properties of saliva in camel (*Camelus dromedarius*). 31  
A.Moolchandani, A.K.Ghosal, J.S.Bhatia, N.Kataria and M.Sareen
6. The erythrocyte osmotic resistance of the camel foetus depending on the development. 35  
A.A.AI-Qarawi
7. Phospholipids of the camels (*Camelus dromedarius*) erythrocyte membrane. 39  
A.A.AI-Qarawi
8. Thyroidal status of the dromedary camel (*Camelus dromedarius*): Effect of some physiological factors. 41  
M.Bengoumi, F.Moutaouakil, F.De La Farge and B.Faye
9. The chronobiological blood parameter changes as correlated to different traits of *Camelus dromedarius* in Saudi Arabia. 45  
Ali A.AI-Qarawi
10. Lipid composition of pulmonary surfactant from young and adult camels (*Camelus dromedarius*) 49  
Ali A.AI-Qarawi
11. The surfactant-associated proteins of the camel (*Camelus dromedarius*). 55  
Ali A. AI-Qarawi and H.M.Mousa
12. A note on catheterisation in female camels (*Camelus dromedarius*). 59  
N.Kataria, T.K.Gahlot, A.K.Kataria, V.K.Agarwal and S.L.Garg
13. The efficacy of Sebacil E.C.50%, Gamatox and Ivomecin - the treatment of Sarcoptic mange in the one-humped camel (*Camelus dromedarius*). 61  
M.TABu-Samra
14. Prevalence of *Eimeria* infection in camel (*Camelus dromedarius*) at Bikaner (RAJASTHAN). 69  
A.K.Partani, D.Kumar and G.S.Manohar
15. Efficacy of parenteral formulation of levamisole and ivermectin against strongylosis in dromedary camels. 73  
W.Olaho-Mukani and J.K.Kimani
16. A note on ticks of camels in Haryana (INDIA). 77  
Satyavir Singh and M.B.Chhabra
17. Normal microflora of eye of camel (*Camelus dromedarius*). 79  
M.Haghkhah and F.Madjlesi
18. Seroprevalence of bluetongue virus in camel (*Camelus dromedarius*). 83  
Chandel B.S. and Kher HN
19. New aspects of infectious diseases of camelids. 87  
U.Wernery
20. Studies on stall-feeding of groundnut fodder vis-a-vis 3-tier silvi-pasture grazing based in arid ecosystem. 93  
A.K.Nagpal, Raja Purohit, B.D.Kiradoo and M.S.Sahani
21. Effects of ad libitum and restricted feeding on the circadian patterns of forestomach motility and rumination in camel (*Camelus dromedarius*). 97  
T.E.A.Osman, K.A.AI-Busadah, w.v.Engelhardt and M.Lechner-Doll
22. Live-weight growth of neonate bactrian camel (*Camelus bactrianus*). 101  
Xue Hui-Wen and Zhao Xing-Xu
23. *Corynebacterium* abscesses in camels in Bahrain 107

M.I.Abubakr, M.N.Nayel and M.E.Fadlalla	
24. Rumenotomy by clamp fixation technique in camel. S.N.Deughani	111
25. Possible toxic jaundice in young camels in Bahrain: A case report. M.I.Abubakr, M.N.Nayel, B.A. Ibrahim, A.S.Adam and M.E.Fadlalla	113
<b>Ethnoveterinary Practice</b>	
26. Experience with a mobile field project among camel owners in Kenya. C.R.Field and S.PSimpkin	115
<b>Camel Practice and Research</b>	
<b>a.Camel Practice</b>	
27. A field oriented immobilisation technique for mandibular fracture in camel: A Clinical study J.P.Lavania, R.K.Shukla and A.Kayum	121
28. Fraternal dromedary twins: A case report G.N.Purohit	123
<b>b.Camel Research</b>	
29. Institutional Research: The applied camel research programme: An Indo-German project.	124
30. Postgraduate Thesis Abstracts	126
31. News	130
32. Concern	120
33. Instructions to contributors	133
